

**Regional  
Connectivity  
Scheme UDAN  
(RC-UDAN)**

**Civil Aviation  
Department, Haryana  
07.07.2017**

# RCS-UDAN: Advantage Haryana

---

**Multi model hinterland connectivity** (road, rail, metro & other necessary infrastructure).

**Land free of cost** excluding all encumbrances.

**Reduced VAT** on Aviation Turbine Fuel to 1% or less, even for non-RCS operators.

**Free of cost security & fire services** at RCS airports.

**Power and other utilities** at substantially concessional rates.

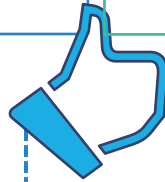

**Viable gap funding** to the airlines operators as applicable. State subsidy for remaining 50% seats.

# Civil Aviation in Haryana- Snapshot

**5** civil airstrips

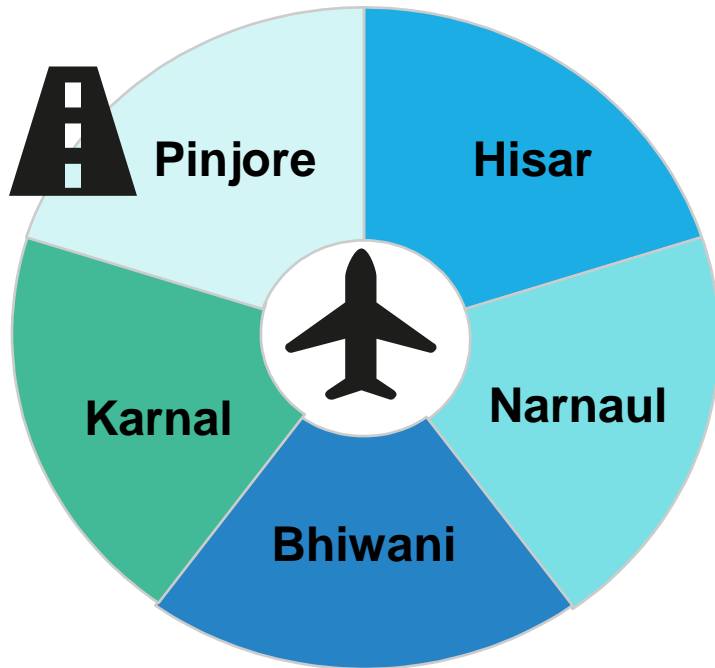

**3** flying training centers by HICA

Karnal

Pinjore

Hisar

Crow-fly distance between New Delhi IGIA and Hisar Aerodrome is approx. 150 km.

# Hisar-Preferred RCS Destination

## 1 Existing

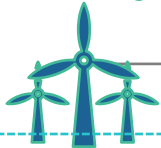

- Government owned land ~4,000 acres adjoining the Hisar airfield
- Airstrip (4000\*150 feet)
- Hangars, terminal building and compound wall
- Operational Flying Club
- Fixed-based operations, aircraft parking facilities.

## 2 Steps Taken

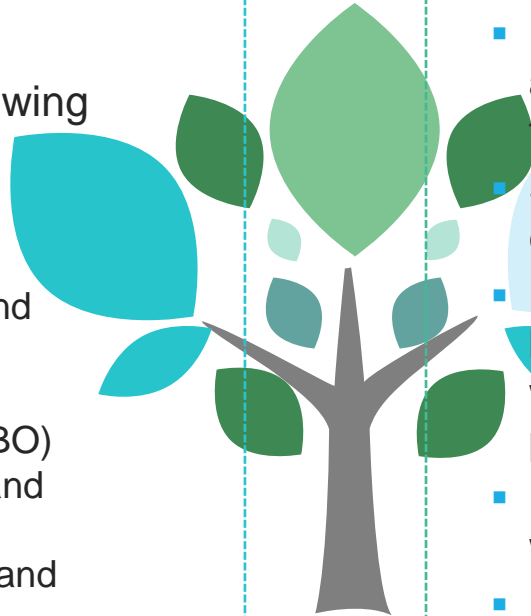

- OLS, PCN and Friction Test conducted for the existing runway.
- Existing runway being expanded to 7000 ft. by March 2018.
- Necessary infrastructure for RCS airport including hangars & aprons for addl. parking and MRO under execution.
- Night landing facility, installation of navigational aids , ILS facilities and refuelling station. planned at Hisar and Karnal airports.

# Integrated Aviation Hub @ Hisar

## Project Proposal

- Greenfield international airport and Aviation Hub planned.
- Phased development of following activities planned:
  - Domestic Airport
  - Small scale MRO
  - Defence Manufacturing and Defence MRO
  - Aerospace Manufacturing
  - Fixed base operations (FBO)
  - Aviation Training Centre and Aviation University
  - Aerotropolis-Commercial and Aerotropolis- Residential

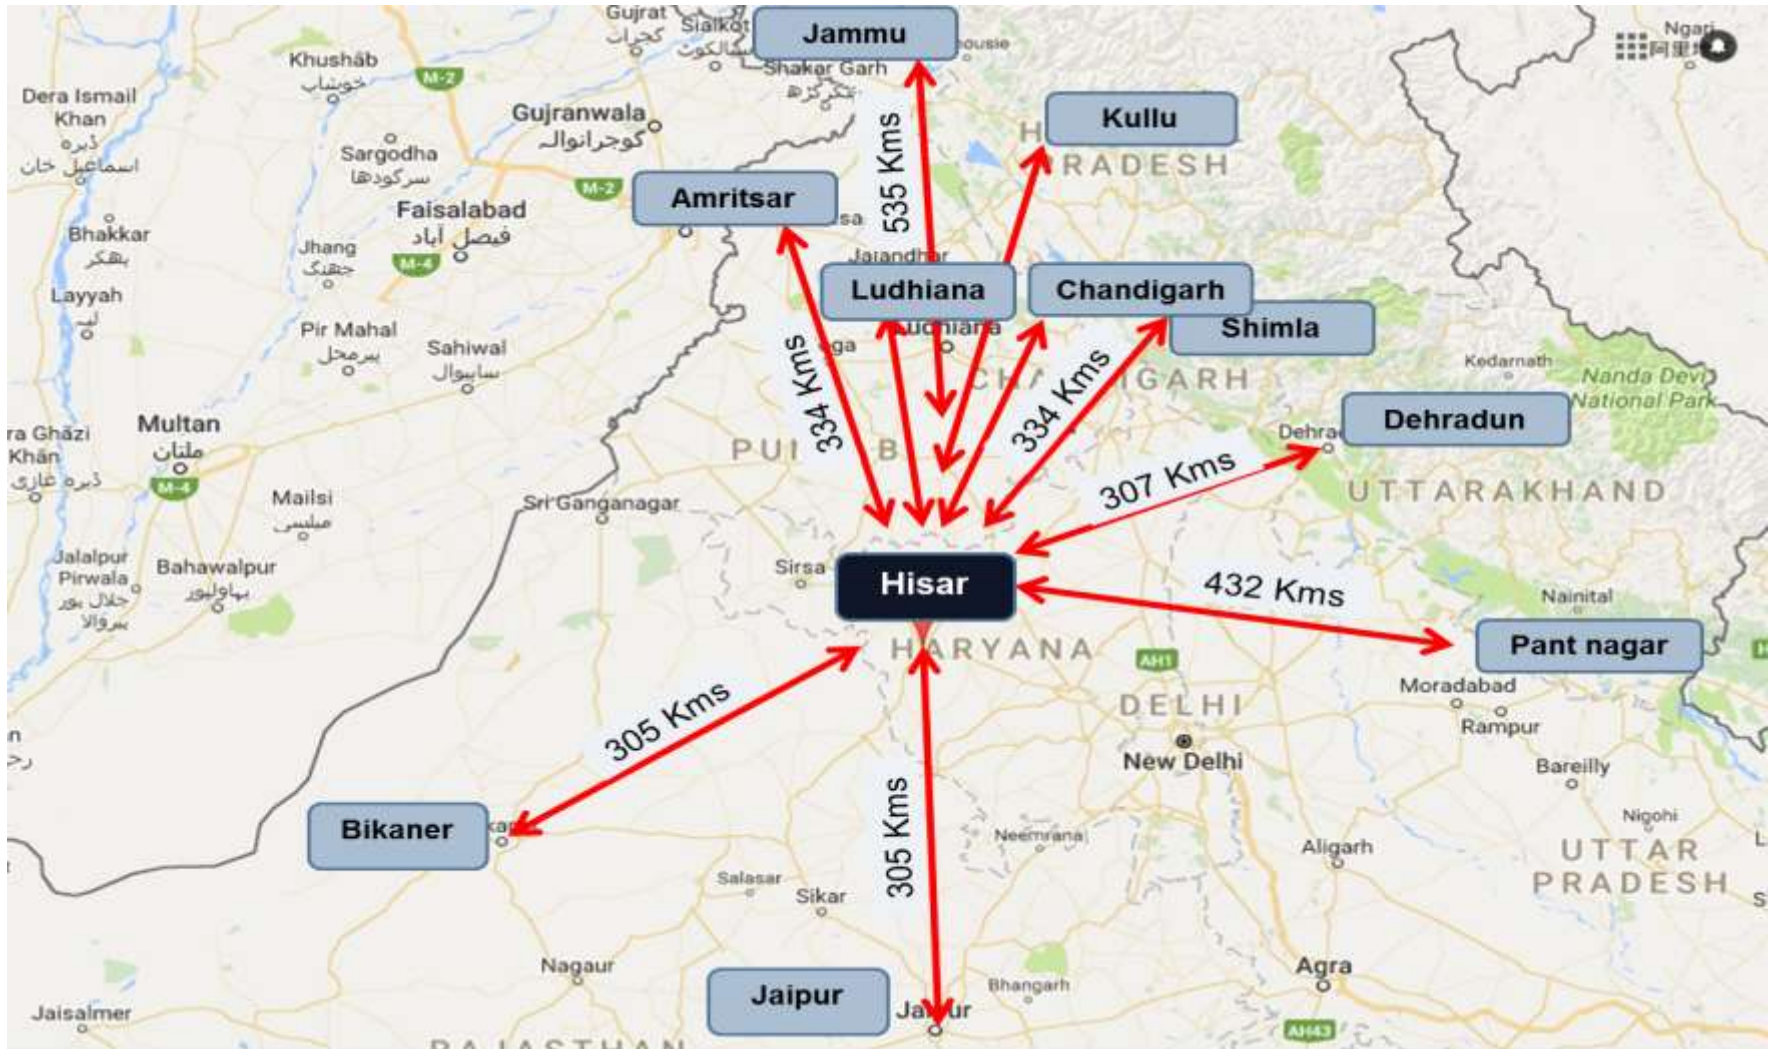

## Action

- Feasibility study conducted.
- Existing Government land of 4200 acres adjoining existing airfield being transferred to CAD.
- Site clearance for greenfield airport expected shortly.
- EoI floated. Based on responses RFP being floated shortly for PPP project with liberal FAR and land use on SEZ pattern.
- Rapid rail and expressway connectivity with Delhi planned.
- Proposal for defence MRO and defence manufacturing facility under consideration.

# Hisar as an RCS\* Hub
